About Us

Established in 1999, Coach Bob Biggers aimed to provide a positive alternative for young people 18 and under. Our mission is to be a trustworthy choice for parents with children who are seeking a safe organization to learn the rules and etiquette of the game of golf.

Our program teaches golf in a gradual and comfortable approach that builds confidence, enhances self-esteem and encourages self-discipline. While learning the history, rules and etiquette within this great game, we develop and encourage core values and skills that can extend beyond the game including building responsible, self-sufficient and law-abiding citizens in their respective communities. Our students have shown vast improvements in their academic performance, attitude and desire for life-long achievements.

In January 2018, Tee-Lo held the grand opening of its 3-hole golf and putting facility in Orlando. With the help of our sponsors, our supporters and this tournament, we hope to expand our reach to the youth in our community and carry out our mission.

This Year's Fundraiser

It has been 5 years since we opened our training center where we have welcomed many youth, introducing them to this great game. So that we may continue providing an effective learning environment for local youth at a low cost, Tee-Lo will need to restore our facilities which includes the purchase of our own maintenance equipment.

Your support at this year's tournament will be instrumental in returning our facility to its former glory, and for continuing programming for the 2023 - 2024 year. Thank you for your contributions.
